STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE FORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

CUSTOM HOUSE DOING A BIG BUSINESS.

More than \$25,000,000 in import and export business will be done by the Port of Nogales this year, according to a statement issued today by H. E. Berner, chief deputy collector of customs, says Mondays Herald.

This will mean an increase of more than \$5,000,000 over last year. Saturday's business at the port was in excess of \$8,000 and \$9,500 was the record up to noon today. These figures, considering the fact that the port is operating under the tariff law of 1913, which approaches free trade, are regarded as remarkable by customs officials.

Mr. Berner predicts that May will be the most prosperous for the port of any month for several years, as the tomato and sugar production of Sinaloa is far in excess of any in past seasons. Tomatoshipping will continue throughout the month and is expected to be far heavier than similar imports of any previous year. But for the railway tieup, which caused thousands of dollars worth of tomatoes to rot on the vine, one firm having lost \$20,000 in this manner, the shipments would have established an unprecedented record for the entire border.

The garbanzo crop, estimated at \$6,000,000, will begin moving northward this week, customs officials say.

MRS. GILLESPIE THANKED.

Mrs. A. M. Gillespie has received from the Arizona Children's Home the following acknowledgment of the receipt of \$1663.36 donated by citizens of Nogales during the recent drive here:

My Dear Mrs. Gillespie:—The Board of Directors of the Arizona Children's Home wish to thank you most heartily for your work and great success in the drive and the generous support Nogales gave in raising the funds for our building. Your check for \$1,663.36 is a great help, and we hope whenever you are in Tucson you will visit the Home and see how much help was needed.

Cordially yours,
 HENRIETTA FRANKLIN.

BETTER ROADS.

Chamber of Commerce Boosting for Highway in County.

The Chamber of Commerce voted last (Thursday) night to get solidly behind the movement for a permanent trunk line highway through the county, and work toward diverting the bond money now available to the county to the construction of this road, says the Oasis.

The question of good roads for the county received considerable discussion, and the feeling prevailed that the accomplishment of having the Bankhead Highway routed through Nogales was only the beginning of our struggle for better roads, in fact, it really pledged us to back up this movement by securing a first class highway from the Cochise county line to Nogales.

It was decided to call a mass meeting of all citizens of the city and county at an early date to create public sentiment favorable for the diversion of the bond money now available from other roads to this main line trunk road, in order to secure \$150,000 of government and state money and relieve the county of the maintenance of about 49 per cent of the roads in the county. The mass meeting is to be followed by another at Patagonia in conjunction with the chamber of commerce of that city to complete the work.

It was pointed out that the bond issue voted some two years ago would be practically wasted by using it according to the specifications on which the bonds were voted, because it now costs so much more to make roads than at that time, and because the requirements of the various roads have changed during the interim. The saving, however, of building one first class, main trunk road in the county, and being relieved of its maintenance will in two or three years enable the county to build good permanent roads to all parts from which the bond money is for the present diverted.

The mass meeting will bring out all these points, and everybody is urged to get behind the movement to secure the state and federal aid in building the main county road.

A CORRECTION.

Nogales, Ariz., May 6, 1920.

Some of the dailies published in this country have circulated the story that on account of Mr. Adolfo de la Huerta, Constitutional Governor of the State of Sonora and at the present time Supreme Chief of the Liberal Constitutional Army, having suffered a surgical operation, he had failed to attend to the affairs of his Government while recovering from his illness. For proper knowledge of the people I am pleased to report that Mr. de la Huerta has not abandoned for a single moment the hard labors pertaining to his high position; and wishing that the story to which I have referred shall not be given any credit, as it is absolutely untrue, I hasten to state that Mr. de la Huerta continues to dispatch his official labors, attending to the public in general with the willingness which has always characterized him.

E. TAMEZ, Mexican Consul.

DOCTOR ATIL.

Mr. Hernandez, Mexican Consul at Nogales, Arizona, is in receipt of a telegram from the City of Mexico, stating that Dr. Atil, who is well known in Sonora, and is a warm admirer of President Carranza, has wired His Excellency that he deplores greatly the course Sonora has taken, and tenders his services to the federal government. It seems as if that name, Doctor Atil, is familiar. Does anyone in Nogales know him?—Oasis.
